## Employment history

### **Networking Internee at STRATCOM LIMITED. Kampala, Central**

Aug. 2021 – Feb. 2022

During a stay at STRATCOM as an ICT networking internee networking skills, web development skills and technical support skills.

The following describes the tasks i did;

- Written, designed or edited web page content, or direct others producing content.
- Backed up files from web sites to local directories for instant recovery in case of problems.
- Identify problems uncovered by testing or customer feedback, and correct problems or refer problems to appropriate personnel for correction.
- Evaluated code to ensure that it is valid, is properly structured, meets industry standards and is compatible with browsers, devices, or operating systems.
- Demonstrated database technical functionality, such as performance, security and reliability.
- Develop data models for applications, metadata tables, views or related database structures using back-end software like PHP, Mongo DB
- Develop or update project plans for information technology projects including information such as project objectives, technologies, systems, information specifications, schedules, funding, and staffing.

### **ICT Assistant at Techson Limited. Kagadi, Western**

Dec. 2016 – Apr. 2017

I worked as an ICT Assistant at my brother's ICT Facility which deals with Pc repair, Computer management, Software installation, Graphics design.

I performed the following tasks;

- Inspect completed work to certify that maintenance meets standards and that Computer systems are ready for operation.
- Maintain repair logs, documenting all preventive and corrective computer maintenance.
- Conducted routine and special inspections as required by the facility
- Disassemble computers which were faulty and inspect parts, such as fans, heat sinks, RAM chips, Keyboards using precision measuring instruments
- Testing operating software and other systems such as Windows servers, Linux servers.

## **Individual projects**

Personally I have worked on various projects which have helped me in my productivity and easy reach by people. They include;

- Portfolio website, showcasing my skills and individual contacts
- Python projects like email scheduler, news scraper for many sites, whatsapp automator.
- Graphic designs such as posters, ID's, banners
